

SKULL AND BONES

PRESENTED BY SPECKERNA

CONTACT SPECKERNA

I used tunisian crochet for the skull piece (single crochet only).
If you`re not familiar with tunisian crochet here is a good tutorial.

This pattern is no exact science ! The size depends on how tight or loose your stitches are .
Using a 2,5mm hook my result was 18x15cm. I had to add 3 more rows on each side to make it fit to the bag

Follow the pattern when you draw up the loops. On your way back just use the same color for every stitch. Numbers in black are stitches crocheted using black yarn, for the blue ones use white yarn

The chart was generated using a little help from pic2pat.com
