You need a bit more patience for this part ;-). To skip a strand means you just hold the strands of the last round away from you and insert the hook into the next stitch. While skipping a strand you may have to pull the yarn a bit more tight than usual. Use only the stitches between the strands.

Sew Arms and healthy eye to body. Pull the end of the hanging eye through the middle of the eye socket and place on head. Pull this end and the starting yarn of the eye socket through the head and secure with a knot on top of the head. This will be covered by the wig. Sew eye socket to head and embroider mouth. Decorate dress as you please and sew wig to head.
